Weather

In early September we enjoy the last days of summer in the region with temperatures typically around 20 °C and infrequent rain. In the evenings, temperatures can drop down

to around 5–10 °C. For up-to-date information please take a look at: <http://www.mainz.de/WGAPublisher/online/html/default/mkuz-5xwb9e>

Conference Fee

For participants who want to pay the conference fee at the registration, we would like to point out that only cash payments will be possible. Credit cards will not be accepted. Please note that there is one ATM on the campus near the conference venue (see campus map on page 6).

Bank transfer or payment by credit card via the conference website can still be used. If the payment has been done

within one week before the conference, we would like to ask you to bring a receipt for that payment.

Please Note: For credit card payments completed via a credit card that does not belong personally to the participant (different name on the card) the organizing committee kindly asks you to show the credit card receipt at the registration.

Presentations and Posters

All presentations are expected to be provided via a digital projector connected to our own conference PCs. In order to avoid technical problems occurring now and again when notebooks are connected to a beamer, we will collect all presentations on these PCs. Please provide us with your talk (one single file in PDF-format only) not later than one day before your talk is scheduled.

Please use the Indico conference system to upload your contribution. You should have received a mail from the Indico mailer asking you to activate a user account that we have created for every speaker. Log in to your Indico account us-

ing the links sent to you by the Indico system and go to “My contributions” at the bottom of the menu at the left side of the browser window. Click at the title of your talk and then at the little red symbol appearing at the beginning of the title to go to the upload page.

We will have space for about 35 posters. If you cannot bring a printed poster with you, you may get a printout at the conference. We will then need a PDF-file, not later than Tuesday, 9:00 am. The price for printing is 14 €, payable in advance at the conference secretary's desk.

Internet Access

Internet connection at the conference site is available via wireless LAN (802.11b or WiFi compatible network card, DHCP). The network requires authentication via a web form and every participant will get a personal account name and a password. We will also have a limited number of account names for participants who do not have a notebook. A few PC pools (usually used by students) are open for conference participants. Please ask at the conference desk upon arrival if you need an account for internet access via PCs.

Social Program

There are several activities scheduled for the social program (more information on the [conference webpage](#)). For the conference dinner on Friday 5 September we would like to ask participants who have any dietary restrictions to inform the conference secretaries at the registration no later than Monday evening. You can also send us an email (confinement8@uni-mainz.de) in advance.

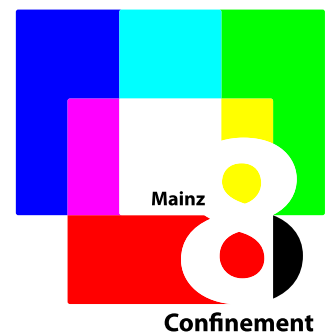

Accompanying Persons

In Mainz and its vicinity there are a lot of touristic attractions to visit. A map of the city and information of the region will be included in the conference folder. Registered participants of the conference will receive vouchers for lunches on campus (included in the conference fee). For accompanying persons these vouchers can be bought at the conference desk if needed.

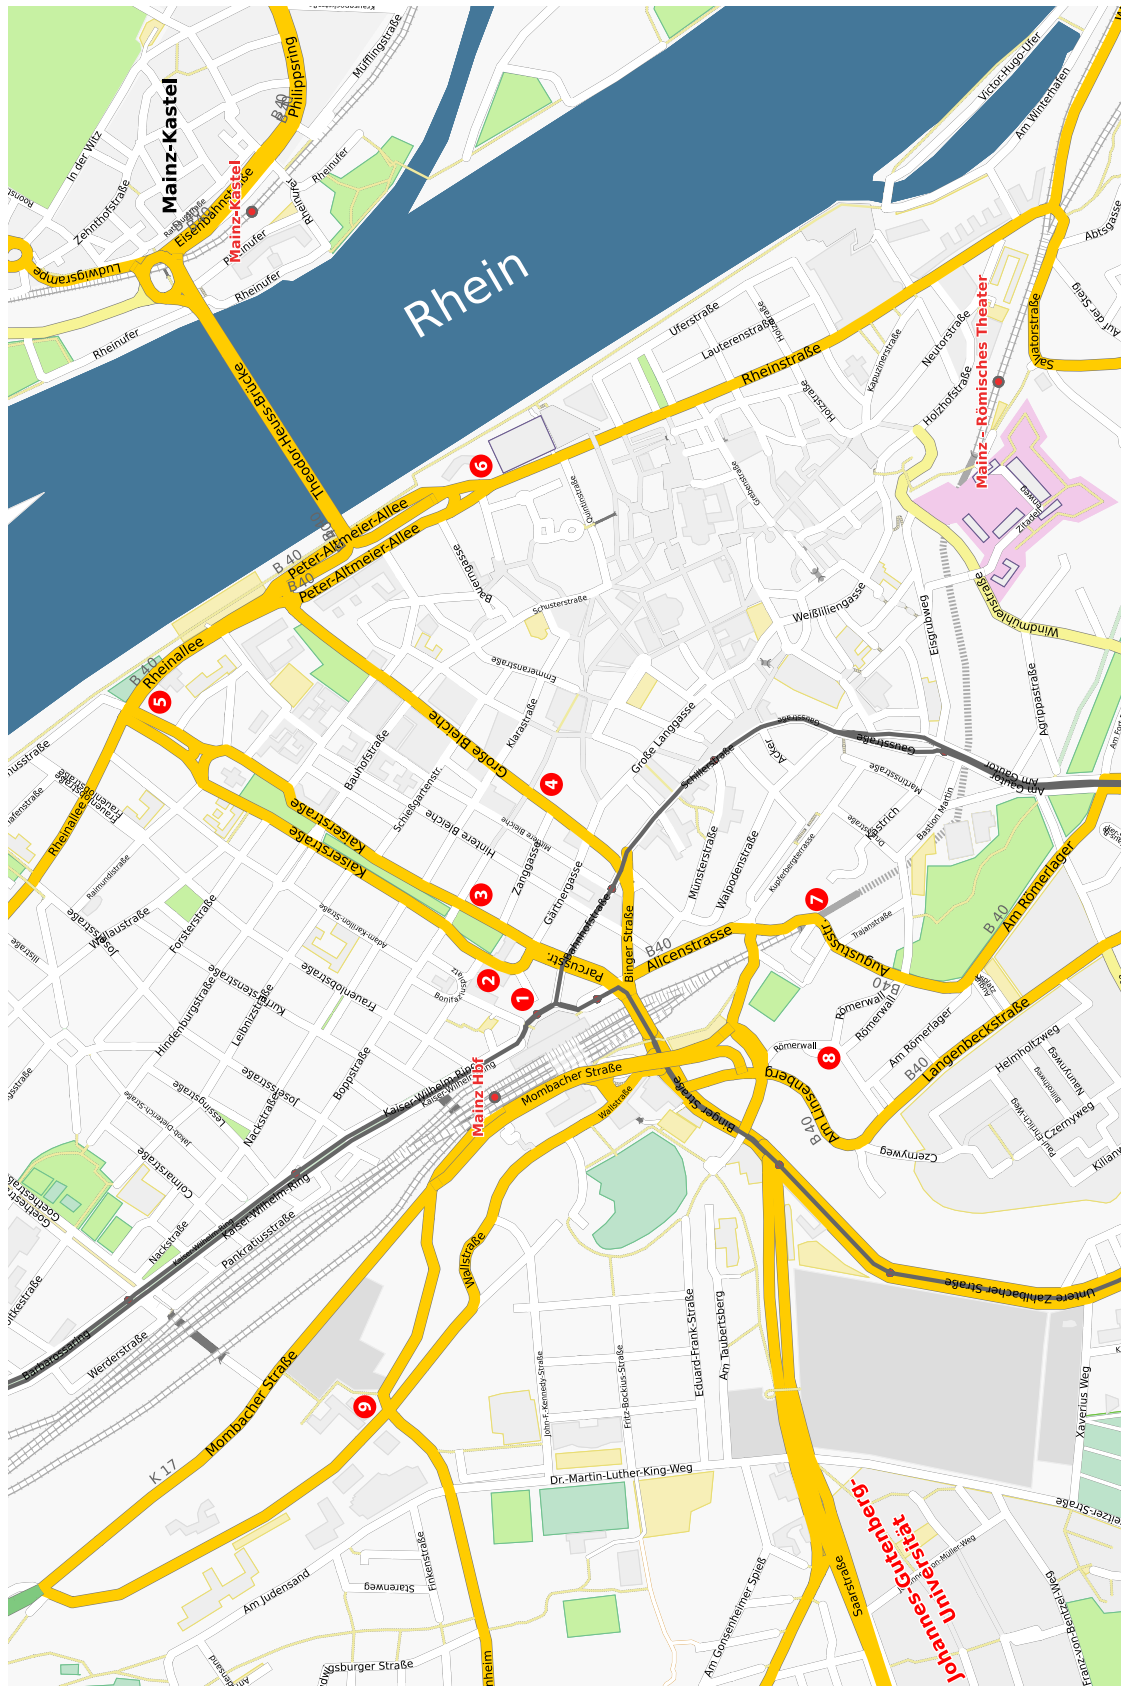

Accompanying persons are welcome to join the social program. The cost for the excursion (boat trip) is 35 €, for the conference dinner 65 €, payable at the conference desk. Please inform the organizing committee as soon as possible about accompanying persons. We cannot accept registration later than 1 September at the registration desk.
